2020 Coos County Community Health Improvement Plan (CHIP) Fund Application

CHIP Fund Information

Advanced Health has designated funds to be directed by the Advanced Health Community Advisory Council (CAC) in support of the Coos County Community Health Improvement Plan (CHIP). These funds are for community benefit initiatives that align with the Coos County CHIP priorities and are focused on improving population health, health care quality, and health equity. Applicants are strongly encouraged to collaborate and coordinate with the established CHIP subcommittees or workgroups.

Three funding cycles are planned for 2020, as long as funds remain available. Funds will be awarded on a first come, first served basis. Applications will be reviewed by the CAC at their August, October, and December meetings.

Applications Due	Review Date/ CAC Meeting	Expected Award Announcement
Monday, July 27, 2020	Thursday, August 6, 2020	Monday, August 10, 2020
Monday, September 21, 2020	Thursday, October 1, 2020	Monday, October 5, 2020
Monday, November 23, 2020	Thursday, December 3, 2020	Monday, December 7, 2020

Successful applicants will be required to submit two reports to the CAC: a progress report at six months and a final report at twelve months after the award date.

The Coos County Health Improvement Plan is available online at: http://advancedhealth.com/community-focus/coos-community-health-improvement-plan/

Submit applications and questions by email to Laura Williams at laura.williams@advancedhealth.com.

What services does your organization provide to the community?

CHIP Alignment Information

Which Coos County CHIP priorities does this project/program address? (Please put an X by all that apply.)

__ Adversity, trauma, and toxic stress – support efforts to mitigate trauma and increase resilience

__ Prevention – support individual prevention services, including but not limited to chronic disease, health behaviors, early detection and screening

__ Housing and homelessness – increase housing availability, increase quality and safety of housing and support projects that address homelessness

__ Food and nutrition – support efforts to decrease food insecurity and increase availability of health, nutritious food for all ages

__ Transportation – support efforts to increase transportation options

__ Economic stability – support workforce development and employment programs; increase knowledge about connection between income inequalities and health

__ Access and integration of services – support efforts to increase access to health services; support continued integration of services across physical, behavioral health and oral health services

__ Behavioral health and addictions – improve access, integration and delivery of behavioral health and addiction services; support behavioral health and addiction prevention services

__ Coordination, collaboration and communication – increase coordination, collaboration and communication between organizations working toward improving health of the community

Is this proposal submitted in collaboration or coordination with a CHIP subcommittee or workgroup?

- If yes, which subcommittee or workgroup?

Proposal Information

Project/program description (Limit to 2 pages or less.):

- Describe the proposed project
- Describe the population to be reached, including an estimate of how many are in the population and how many you expect to reach
- Identify how the proposal aligns with the CHIP
- Describe the role of any other community organizations or partners
- Include a timeline for the proposed project

Outcomes/goals:

- State the intended outcome or goal for the project
- Use SMART goals (**S**pecific, **M**easurable, **A**chievable, **R**elevant, **T**ime-based)
- Include information on how the project will be measured and evaluated for effectiveness and by when

Budget (Limit to 1 page. A separate budget document may be attached if needed.):

- Include a detailed project budget
- If additional or matching funds are available, include their source and amount
- Clearly indicate the amount requested from the Advanced Health Community Health Improvement Plan (CHIP) Fund

Sustainability:

- Discuss whether and how the project will be sustained after the requested funds are expended
