March 23, 2020

Dear Providers,

Advanced Health has implemented an Emergency Preparedness plan with MedImpact in response to the COVID-19 outbreak. This will allow immediate access to medication refills for any Advanced Health member. All contracted pharmacies have been informed of an override code that may be used to remove restrictions for early refills and quantity limit changes. This is to align with state and national recommendations to allow early refills of medications.

Members also have access to mail order prescription services as Advanced Health is contracted with Prescription Postal Services (PPS). Members may enroll with PPS by calling 800.552.6694 or they may visit Advanced Health's website for detailed information regarding mail order service.

If you have any questions, please contact me at 541.269.3211.

Thank you,

Leanne Yantis, PharmD

Pharmacy Manager
