

Provider Network Training Opportunity Extended!

ResCUE Model for Cross-Cultural Clinical Care

Audience: Clinically Licensed Staff | Accreditation: 1 (CME, CEU, CCM)

We are pleased to continue to offer this interactive self-paced, online module training that meets OHA-Approved training criteria for Advanced Health providers and their staff.

Delivering cross-cultural care is a necessary skill set for all healthcare professionals. This targeted course for clinicians applies the action-based ResCUE Model to address common cross-cultural issues and facilitate effective negotiation of care management plans. *-Quality Interactions*

Learning Outcomes

- Show respect and build rapport with patients without making assumptions
- Communicate effectively in cross-culture interactions
- Ask questions to understand patient perspectives on health and illness
- Develop management strategies that engage patient perspectives

If you would like take this course, please email shena.holliday@advancedhealth.com for registration information

Training opportunity extended through March 31, 2021
