

2022 Drug Coverage

Updated February 2022

INTRODUCTION

The Advanced Health (AH) Formulary document is provided for the convenience of medical providers and AH members. AH does not warrant or assure accuracy of such information nor is it intended to be comprehensive in nature. The AH Formulary is not intended to be a substitute for the knowledge, expertise, skill, and judgment of the medical provider in his/her choice of prescription drugs. AH assumes no responsibility for the actions or omissions of any medical provider based upon reliance, in whole or in part, on the information contained herein. The medical provider should consult the drug manufacturer's product literature or standard references for more detailed information.

The information contained in this document is proprietary. The information may not be copied in whole or in part without the written permission of Advanced Health. All rights reserved.

This document contains references to brand name prescription drugs that are trademarks or registered trademarks of pharmaceutical manufacturers that are not affiliated with Advanced Health.

If viewing this formulary via the Internet, please be advised that the formulary is updated periodically, and changes may appear prior to their effective date.

HOW TO USE THE FORMULARY

The medications on the Advanced Health formulary are grouped into categories depending on the type of medical conditions they are used to treat. Medications are listed in alphabetical order by Therapeutic Indicators.

Every effort has been made to accurately list Prior Authorization requirements, Quantity Limits, Age Limits and Specialty Pharmacy requirements. However, some drugs - due to supply issues, cost, or other factors, may require a prior authorization, or have quantity limitations not listed.

[Any Prescription Over \\$500 Will Require a Prior Authorization](#)

GENERIC AND BRAND NAME MEDICATIONS

Advanced Health is a mandatory generic health plan. Generics must be used when commercially available. The presence of a brand name medication next to the generic equivalent is for informational purposes only, and is NOT an indication of coverage. Coverage of multisource brand drugs listed on the AH formulary that have generic equivalents available may require prior approval, as generic is preferred over brand name.

Prescription and Other Important Information

Mental Health Medications, such as antidepressants, antipsychotics, and mood stabilizers are covered for Advanced Health members directly by Oregon Medicaid. Pharmacies should bill these prescriptions to DMAP. Call 888-202-2126 or fax 888-346-0178 for questions.

Liquid Oral Medications will be covered for members 12 years of age and younger. All others will require a PA.

HIV Medications approved by the FDA for treatment of HIV disease are covered (Must use Specialty Pharmacy).

MedImpact Direct Specialty is our Specialty Pharmacy Provider. You may reach them at: (Phone) 1-877-391-1103 or (Fax) 1-888-807-5716.

www.medimpactdirect.com/Providers

Tablet Splitting of some medications offer significant cost savings. Tablet splitters are available at no cost to Advanced Health members. Call (541)-269-7400

All Stimulants require a PA for age 23 years and older. Products are covered under step therapy edit for members less than 23 years of age.

Vitamin/Mineral Supplements are covered for prescription strength unless otherwise specified.

Opioids are subject to Advanced Health quantity limits and prior authorization criteria. Up to 60 tablets per 180-day period may be covered without a PA for acute conditions. Opioid use beyond 60 tablets within a 180-day period requires PA. PA will also be required for all long-acting opioids, acute use >14 days, or MED >90. Local Oncology providers are excluded from PA requirement for formulary opioids.

Contraceptive Products 12 months of formulary oral contraceptives are a covered benefit after an initial 3-month trial. Preferred agents: Sprintec (Ortho Cyclen), Seasonale for extended cycle, Leven/Nordette, Lo Ovral, Nor QD/Micronor

Smoking Cessation Nicotine Patches/Gum/Lozenges, Varenicline, and Bupropion SR are available without a prior authorization for up to two quit attempts per year. One quit attempt equals a 90-day supply of medication dispensed in 30-day increments. Pharmacy provider may contact Advanced Health at 541-269-7400 for information.

Hospital, ER, or Urgent Care Discharge Override Please contact the MedImpact Pharmacy Helpdesk at 1-800-788-2949 (Phone) for a 5-day supply of any medication prescribed at discharge for Advanced Health members. Mental health medications should be billed directly to the State (see Mental Health Medications above). Please fax prescribing provider to submit prior authorization for any medications that required 5-day override AND Advanced Health Attn: Lisa F. or Jean at (541) 269-7147.

Vaccinations If patients are less than 19 years of age their vaccine is covered through the Vaccines for Children (VFC) program. Members should be instructed to see their PCP or the Public Health Department for vaccine administration. Pharmacies are NOT VFC providers, therefore they may not administer vaccines to Advanced Health members that are 18 years of age or less. COVID-19 vaccinations are an exemption the VFC program.
