

May 19, 2021

Dear Provider,

Advanced Health is continually reviewing policies & procedures to ensure our members receive the best care. There are times that our updates may affect your workflow and we want to ensure we notify you of these changes.

The most recent change we would like to share with your office is that:

**Prior Authorization is no longer required for SLEEP STUDIES
at local, contracted facilities**

The CPT codes affected by this change are 95806, 95810 and 95811.

Please feel free to contact me with any questions or concerns.

Thank you,

Dani Thompson
Provider Relations Representative
