The latest information about the Health Related Social Needs Benefit brought to you by Amanda McCarthy, Director of Social Determinants of Health and lead implementation manager.

Referring your patients for HRSN Services

Did you know there are a few different ways a patient can be referred for HRSN services?

- Via primary care leveraging care management teams.
- Via Community Benefit Organization
- Via member self-referral

Primary Care: refer your patient to internal care management. Teams have been trained in the Unite Us referral process and are ready to refer.

Community Benefit Organizations: your patient may already be engaged with a HRSN “connector” who can refer them for HRSN services.

Self-Referral: patients can complete a quick form on [Advanced Health’s website](#)

Stats
