CULTURAL COMPETENCY CONTINUING EDUCATION

Dear Advanced Health Network Provider and Staff,

Now is the time to take advantage of your provider benefit for **2 free cultural competency credits to help you meet the state mandate. This benefit will expire on 12/31/22.**

As a network provider, you can access two OHA-approved courses from Quality Interactions, a prominent cultural competency education company specializing in the healthcare industry.

Quality Interactions cultural competency courses are:

- Designed by doctors specifically for healthcare providers
- Interactive and engaging to improve retention
- 100% self-directed online learning
- Fully mobile-friendly so you can learn on the go

Please email shena.holliday@advancedhealth.com to REGISTER!

If you have already registered but haven't completed both courses, click here for instant access:

qualityinteractions.learnapon.com

Please share with your team so everyone can boost their cross-cultural communication skills and meet Oregon's licensing requirements.

EPSDT

Effective January 1, 2023, the Oregon Health Authority (OHA) and CCOs are required to cover the full scope of Early and Periodic Screening, Diagnostic and Treatment (EPSDT) services for children from birth until their 21st birthday. Under EPSDT, the Oregon Health Plan (OHP) covers any medically necessary and medically appropriate service for enrolled

children and youth until their 21st birthday, regardless of the Prioritized List.

PHARMACY FORMULARY UPDATES

- Added Generic Symbicort to formulary
- Updated Adult Stimulant criteria (now includes both IR and ER formulations, PA still required)
- Added adapalene 0.1% and clindamycin 1% solution (PA required)
- Added edit to allow benzoyl peroxide 5%, 7.5% or 10% to process if there is a claim for doxycycline 100mg capsules
- Added isotretinoin to formulary (PA required)

Will be looking at starting to limit albuterol HFA inhalers to 1 inhaler per 30 days. Please transition members to a maintenance inhaler if they are needing more than a couple inhalers per year. Formulary inhalers include Flovent Diskus, Qvar, Alvesco, Airduo, Advair Diskus, Symbicort, and Incruse.
